Issue 1

Alpha

We've had a busy first quarter and there's more to come!

On January 27 and 28, Alpha USA held their annual conference for the first time since 2020. It was so good to be back in person. To view a few conference highlights from this year

To plan for next year, mark your calendars for January 26-27, 2023. It's always a powerful time!

On March 3rd we welcomed back Jordan Biere, National Youth Director for Alpha USA. About forty youth pastors and leaders joined for a review of Barna's Research:

“Reviving Evangelism in the Next Generation.”

Jordan also gave us some great tools to work with our youth. We set aside time for participants to network, collaborate, and discuss various ways to reach this generation. Although this session wasn't specifically focused on Alpha Youth, you can learn more about that tool, [here](#)

COMING UP ON APRIL 21st...

Our next Alpha Champions zoom call will be from 12:30-1:30. The call is open to all regardless of any involvement in Alpha. You don't want to miss this! Jack Cowley, the National Prison Director for Alpha USA will be our guest, along with Shane Taylor, joining us from London! Shane was one of the most feared and dangerous prisoners in the UK prison system, until he met Jesus on an Alpha Course. His life was transformed in a minute, and he is going to share his story with us. It is an amazing testimony. You can register [here](#).

Would you like to become more involved in Alpha?

- We are looking for prayer intercessors who will help us in a prayer call once a month or weekly.
- We are also looking for someone who might volunteer a few hours of time to help us with our social media. This would not be an ongoing need – just to help us sort out some areas.

Your Donation matters!

Alpha South Carolina receives no funding from Alpha USA or Alpha International. We totally rely on your support for our ongoing ministry. Please consider helping us by contributing [here](#).
