

Campus Alpha in South Carolina

Research points to the reality that over one million youth (even those raised in the church) will choose to leave each year for the next three decades. That's over 30 million from families that call themselves Christian will say they are not followers of Christ!

This next generation will be running our country in 20-30 years. If they don't hear the good news of the Gospel and are not captured by Jesus' great love for them, how will they then influence future generations?

One of the priorities of Alpha South Carolina has always been and continues to be, to help courses get started on or adjacent to campuses. This requires funds. One of the big draws to come to Alpha is providing dinner prior to the talks and small group discussions. We know that if we can feed students physically, we can then feed them spiritually.

Currently we have worked with Coastal Carolina, College of Charleston and The Citadel to help them provide courses. This fall we are excited to announce that we will be helping Clemson and USC as well.

Your challenge is.....

**Are you an alumnae of
CCU, USC, The Citadel, Clemson or COC?
*Which school will receive the most funding help
for these Alpha courses?***

We will track the donations as they come in and let you know which school has been provided the most support. The funds need to be sent to Alpha South Carolina so they can be properly allocated to each school and so you receive a tax write-off since we are a 501 c3.

You can write a check, payable to Alpha South Carolina and mail to
1928 Davant Circle, Mt Pleasant, SC 29464 or you may also donate directly at
www.paypal.me/ALPHASC

Just be sure to indicate for which school!

**Your gift is tax deductible, and yields eternal rewards
for these young people!**

Reaching this generation,

Margaret Cotton
